COMMITTEE: Faculty Welfare

MEETING DATE: 10 April 1997

PERSON PRESIDING: Scott Thomson, Chair

ACTIONS OF THE COMMITTEE:

Thomson noted that further action involving the Faculty Workload Study, which included salary compression and reassigned time, had been moved to the Faculty Governance Committee (see memorandum from Don Sexauer, dated 17 March 1997). This was done in order to have the Faculty Governance Committee address various issues relating to Appendices C and D of the ECU Faculty Manual. It was noted that the General Administration was in the process of responding to the Board of Governors’ initial report and that each University campus was, at present, being asked to continue reporting teaching loads as usual. This data would provide General Administration with a basis for establishing a faculty teaching load policy. It was also noted that, prior to any implementation, faculty within each unit would be given an opportunity to address concerns relating to a teaching load policy.

Thomson presented a draft copy of the Committee’s Annual Report. Amendments were offered and the report was approved as amended.

The meeting adjourned at approximately 5:15 p.m.

Respectfully submitted,

Lori Lee
Interim Secretary
