FACULTY WELFARE COMMITTEE MINUTES

Health Insurance Resolution Subcommittee of
the Faculty Welfare Committee

Meeting Date: March 8, 2001

Members in attendance: Alexandra
Shlapentokh, Elizabeth Layman, Beth Winstead

Ex-officio Members in attendance: Bob
Morrison

Actions of Meeting:

The following resolution will be presented to
the members of the Faculty Welfare Committee. 
Upon their approval the resolution will go 
forward to the Faculty Senate. The 
discussion and vote will be by email in order 
to meet the deadlines for the April Faculty 
Senate meeting.

Be it resolved;
As informed and educated citizens contribute 
to the cultural and economic capital of the 
State of North Carolina and as a system of 
quality higher education provides educated 
and informed citizens and as health insurance 
benefits enhance the efforts to attract and 
employ qualified faculty and staff:

Individual faculty members contact members of 
the North Carolina legislature and urge them 
to find creative ways to eliminate the health 
plan budget deficit rather than passing 
increased costs and decreased benefits on to 
state employees.
