May 1, 2020

Pirates,

Next Friday, May 8, we’ll celebrate spring commencement – virtually. But before then, we need to finish the semester strong. I’ve been impressed by the dedication and determination of faculty, staff and students this semester.

Remember, we need to make sure the slope of the kindness curve is steeper than the slope of the COVID-19 curve.

Finish strong and don’t forget to help celebrate our Pirate graduates next week, and if you use #ECU20, I might just retweet you!

Interim Chancellor Ron Mitchelson
