Faculty Colleagues,

As you know, ECU's [Return of Pirate Nation](#) Re-opening Plan was released to the campus yesterday. The Plan has benefitted from the suggestions and concerns that many of you have brought to my attention in recent weeks, feedback that has been shared with the Administration during weekly meetings with the Faculty Officers. I want to express my appreciation to you for your continuing engagement during this uncertain time.

I know that questions will remain, and I encourage you to bring them up during tomorrow's Town Hall meeting. For those unable to attend the Town Hall, please feel free to forward your questions to me or any of the other [Faculty Officers](#) and we will ensure that they are passed along. I can also let you know that Chair-elect Purificación Martínez and I have established an Ad-Hoc Faculty Senate Taskforce on Instruction to develop guidance and sample syllabus language around a range of issues related to teaching and classroom management. If you have specific questions or suggestions related to instruction, please feel free to communicate those to me or Puri, and we will share them with the Taskforce.

Jeff
