Dear ECU Faculty,

Please be aware ECU Libraries have microphones and voice amplification equipment available for instructional use. Please note: If you are using for a traditional classroom, it may already have voice amplification available.

We ask that you first check the equipment provided in your classroom by visiting this site: https://itcs.ecu.edu/classroom-search/

If you are teaching face to face wearing a mask, and have concerns about voice amplification please consider these two options:

**Option 1 – Equipment Distribution directly to Faculty**

We have a limited supply of portable voice amplification equipment such as belt mics available for distribution to ECU Faculty for instructional use. These items are available for distribution at both libraries.

- Joyner Library (ECU Main Campus Library) has items available to pick up at the library security desk, which is to your right as you enter the main library building.
- Laupus Health Sciences Library has items available at their main circulation desk.

**Option 2 – ECU Libraries’ Circulating Equipment Loans**

ECU Libraries circulate a variety of equipment to ECU-affiliated borrowers. Please visit the following links to browse the categories below to view the various types of equipment available for checkout. *(To view the Equipment Use Policy please visit: https://library.ecu.edu/services/borrow-equipment/equipment-use-policy/)*

- **Joyner Library (Main Campus Library):**
  - Available tech: https://library.ecu.edu/services/borrow-equipment/
- **Laupus Health Sciences Library:**
  - Available tech: https://hsl.ecu.edu/using-the-library/borrow-equipment/
- **Music Library:**
  - Available tech: https://library.ecu.edu/music/music-library-equipment/
