Hi Dr. Curtis-

Honestly, I was just e-mailing you the approval e-mail for the 4 UG course, then I was going to e-mail you about the two GR courses. That is very strange.

At any rate, both GEOG 6580 & 6590 are available for use.

As usual, just let me know the course info and I'll be glad to put it into Banner for you as a "pending" course.

Hi Marc:

I sent this request (below) on Wednesday. Could you please give me an answer today? I'm ready to send the package to the dean.

Thanks,
Scott
