Dear Dr. Dotson-Blake:

We are pleased that EDUC 6480 will be added as an optional course for the MS in Counselor Education in the Graduate Catalog. We appreciate the opportunity to serve your majors.

Sincerely,

Carolyn Ledford, ED.D.
Interim Chair
Department of Curriculum and Instruction

Subject: Counselor Ed Curriculum Change

Dr. Ledford,

We are revising the MS in Counselor Education and we are going to be adding *EDUC 6480: Introduction to Research* as an optional course that may be taken in place of *COAD 7480: Research Methods and Design in Counseling*. Our students have enrolled in EDUC 6480 for many years, but it was not formally written into the Graduate Catalog as an option. We are requesting that the Graduate Curriculum Committee allow it to be added to the catalog to clarify it as an option for students. Thank you for offering this high quality course and allowing our students to take it.

Sincerely,

Kylie Dotson-Blake
