Good Afternoon!

The following new course numbers are available and their use has been approved by the Office of the Registrar:

- GEOL 7600 – Remote Sensing of Coastal Processes
- GEOL 7601 – Remote Sensing of Coastal Processes Lab

The classes have been entered into Banner with a “Reserved” status, and are awaiting activation approval from the GCC and GSAB.

Thank you, and please let us know if there is anything else we can do to assist you.

**Marc Setliff**
