National Science Foundation Graduate Research Fellowship Program

- **Purpose**
  - The National Science Foundation's Graduate Research Fellowship Program (GRFP) helps ensure the vitality of the human resource base of science and engineering in the United States and reinforces its diversity. The program recognizes and supports outstanding graduate students in NSF-supported science, technology, engineering, and mathematics disciplines who are pursuing research-based masters and doctoral degrees at accredited US institutions.

- **Eligibility Requirements**
  - Students must be a US citizen, US National, or permanent resident.
  - Students must intend to pursue a research-based Master's or Ph.D. program in an NSF-supported field.
  - Students must be enrolled in an eligible program at an accredited United States graduate institution, with a US campus, by fall 2017.
  - Students must have completed no more than twelve months of full-time graduate study (or the equivalent) as of August 1, 2016.

- **Application Process**
  - We suggest that you start your application process by contacting our experienced campus representative, Ms. Claudia Jollis, at jollisc@ecu.edu.
  - Students can expect the following requirements on the application:
    - Original application
    - A personal statement
    - Transcripts for all college coursework
    - Letters of reference
  - Application deadlines are between late October and early November 2016, depending on course of study.

- **Selection Process**
  - Applications are reviewed and award letters will be mailed to students by early April 2017.

- **Campus Contact**
  - To apply, contact ECU Faculty Representative, Ms. Claudia Jollis, at jollisc@ecu.edu.
