East Carolina University is a publicly supported institution. Tuition payments and other required student fees meet only a part of the total cost of the education of students enrolled. On average, for each full-time student enrolled in an institution of The University of North Carolina, the State of North Carolina appropriated $12,868 per year in public funds to support the educational programs offered.

The University of North Carolina Board of Governors adopted a plan to make tuition and fee rates for undergraduate North Carolinians predictable and affordable. Pursuant to the Plan, the maximum rate of annual increase for campus-initiated tuition and general fees (Athletics, Health Services, Student Activities, and Educational and Technology Fees) for undergraduate resident students is 6.5%. Specific information, including maximum allowable increases in tuition and fees per academic year by UNC campuses is available at [www.northcarolina.edu/finance](http://www.northcarolina.edu/finance).

Tuition and fee rates included in this bill are based on rates approved by the Board of Governors for the Spring Session 2012. G.S. 116-1(7) requires that the Board of Governors set tuition and required fees at the institutions, not inconsistent with actions of the General Assembly.

Students and parents can also find detailed information concerning the total cost of college at [www.cfnc.org](http://www.cfnc.org).
