---

East Carolina University is a publicly supported institution. Tuition payments and other required student fees meet only a part of the total cost of the education of students enrolled. On average, for each full-time student enrolled in an institution of The University of North Carolina, the State of North Carolina appropriated $11,738 per year in public funds to support the educational programs offered.

The University of North Carolina Board of Governors adopted a Plan to make tuition and fee rates for undergraduate North Carolinians predictable and affordable. Pursuant to the Plan, the maximum rate of annual increase for undergraduate residents for campus-initiated tuition is 6.5% and the increase in general fees (Athletics, Health Services, Student Activities, and Educational and Technology Fees) is 6.5%. Exceptions to the Plan were allowed to partially remedy the cumulative negative impact of several years of state budget reductions, and to help the University protect the quality of a UNC education. Specific information, including maximum allowable increases in tuition and fees per academic year by UNC campuses is available at [http://www.northcarolina.edu](http://www.northcarolina.edu).

G.S. 116-11(7) requires that the Board of Governors set tuition and required fees at the institutions, not inconsistent with the actions of the General Assembly. Tuition and fee rates included in this bill were approved by the Board of Governors in February 2013. The tuition increases approved for 2013-2014 of $201 per resident undergraduate student, $500 per nonresident undergraduate student, $214 per resident graduate student and $700 per nonresident graduate student will generate $6,032,328 in additional revenue. Those funds will be used for need and merit financial aid, faculty and academic support, student services, infrastructure, and operational support.
