Have you visited SciENcv lately?

Science Experts Network Curriculum Vitae (SciENcv) enables researchers to easily assemble the information needed to populate your NIH biosketch. SciENcv integrates with eRA Commons and PubMed and allows you to link data to ORCID ID. Soon, users will be able to create biosketches for other agencies including DoD, DoE, EPA, NSF, USDA, and the Smithsonian.

Five questions with…

Dr. Elijah Asagbra from HSIM is spotlighted in the Five questions with… on the Office of Research website for October. Learn more about Dr. Asagbra’s research and what he likes about working at ECU!

Highlights and News

• Congratulations to the undergraduate student recipients of the Undergraduate Research and Creative Activity Award and their faculty advisors
  • Breanna Hall with Dr’s Stacey Meardon & John Willson in Physical Therapy
