This policy applies to all covered sex offenders regardless of their relationship to or affiliation with a student in the Lab School.

II. Enforcement

All Lab School personnel must immediately report to a school administrator the presence or suspected presence of a known or suspected registered sex offender on Lab School property. School administrators and other supervisory personnel shall report to the Dean of the College of Education and law enforcement when they reasonably believe that a registered sex offender is or has been on school property or at a school event.

School administrators also shall notify the Dean or his or her designee of any known student or parent or guardian of a student at the Lab School who is suspected to be a registered sex offender.

III. Notification to the Principal

radius of their Lab School. The principal shall notify the Dean or his or her designee any time he or she receives such a notification. Also, the principal shall notify the Dean or his or her designee any time they become aware that a parent or guardian of a student or a student at the ECU Lab School is a registered sex offender.

A registered sex offender who is the parent or guardian of a student in the Lab School may only be present in school buildings, in school facilities, on school campuses, in or on any other school property owned, leased, used or maintained by the Lab School, or in attendance at a school-sponsored event with the prior written permission of the principal. A copy of such written permission also shall be provided to the Dean.

i. to attend a conference at the school with school personnel to discuss the academic or social progress of the parent/guardian's child; or

placed upon him or her by the principal, including restrictions on the date,
time, location, and length of the meeting.

V. Students

a. Student Sex Offenders on School Property

A student who is enrolled in the Lab School and is a registered sex offender
subject to this policy, is expressly prohibited from (1) knowingly being present on
any property owned, operated or used by the Lab School, including school
buildings, athletic fields, playgrounds, parking lots, buses, and other property,
and (2) attending school-sponsored or school-related activities, except to the
extent the student is permitted to be on Lab School property to receive
educational services. A student who is receiving educational services on school
grounds must comply with the requirement that he or she be supervised by
school personnel at all times.

b. Exceptional Services for Student Sex Offenders

Except as may be limited by State and federal laws governing the education
of children with disabilities, the Advisory Board, upon the recommendation of
the Dean and principal, may expel any student who is a registered sex
offender based on clear and convincing evidence that the student’s continued
presence in the Lab School constitutes a clear threat to the safety of other
students or employees. Prior to expelling a student pursuant to N.C. G.S. §
115C-390.11(a)(2), the Advisory Board will consider whether there are
alternative education services that may be offered to the student. If the Board
chooses not to expel a student who is a registered sex offender and the
student receives educational services on school property, then the student
must be under the supervision of school personnel at all times.

The contract with the outside person or entity shall provide that no individual who is on the State Sex Offender and Public Protection Registry, the State Sexually Violent Predator Registry, or the National Sex Offender Registry may be used to deliver goods or services on school property under the contract. No contractor or employee of a contractor registered with the State Sex Offender and Public Protection program, the State Sexually Violent Predator Program, or the National Sex Offender Registry may have direct interaction with children.
